INDIANA STATE POLICE	***STANDARD OPERATING PROCEDURE*** State Form 39870(R/ S- 06)	Reference Number HMR-037
	Subject Alternative Work Schedules	
	Special Instructions Replaces HMR-037 dated March 7, 2022	Effective Date **March 16, 2026**

I. PURPOSE

Establish guidelines for eligibility and procedure for Alternative Work Schedules (AWS). This policy is intended to further governmental efficiency and responsiveness without sacrificing accountability and the inherent benefits of in-person collaboration.

II. POLICY

Participation in an AWS is voluntary and considered a privilege. It is not an employee right or contract of employment. It is the policy of the Department that the performance of duties should be accomplished in the most efficient and responsive manner and with the greatest care in accounting for proper use of public funds. Operational needs of the Department must be a priority and requires minimum staffing levels as a primary consideration.

III. DEFINITIONS

A. ALTERNATIVE WORK SCHEDULE (AWS) - A civilian work schedule that deviates from the standard 7.5 hours of work per day, for ten days per pay period.

B. DUTY STATION - The state work site location where the employee's work is normally performed.

V. PROCEDURE

A. A non-matrix employee may request to work AWS if:

1. The employee is full-time;
2. The employee is not on probation;
3. The employee's performance standard is satisfactory or above for the six (6) months prior to the request;
4. The employee has not been the subject of disciplinary action as defined in IIS-001 during the preceding six (6) months;
5. The employee is not required to work a standard shift as defined in Civilian Rule 6.*

B. A request to work AWS shall be submitted by the employee in writing to their immediate supervisor for review and processing.

C. AWS shall be reviewed annually in conjunction with performance appraisals. However, a supervisor may review an AWS prior to an annual performance review if the employee's work quality necessitates a review. AWS is a privilege. A supervisor may terminate authorization for AWS for any employee at any time by completing a memo and providing a copy to the employee. AWS may be cancelled or suspended at any time without notice if the needs of the Department necessitate a work schedule shift, such as due to short staffing.

D. AWS Schedule for regular Monday through Friday employees:

1. Non-matrix employees shall work four days during the week, totaling 37.5 hours.

2. The shifts shall be as follows: three (3) days at 9.5 hours regular hours (10.5 with lunch), and one (1) day at 9.0 hours regular hours (10 with lunch).

3. The scheduling requirements of AWS schedules do not preclude the adjustments for special details permitted by State Police Overtime Guidelines.

4. With the exception of Motor Carrier Inspectors, employees working an AWS may not begin work earlier than 6:00 am and may not work later than 7:00 pm. Shifts scheduled between these hours shall be at the commander's discretion.

5. During the week of a holiday, the employees shall return to their regular shift of 7.5 hours.

6. Any leave time taken (excluding suspensions and off-payrolls such as FML) or holidays during an AWS week shall be taken in hours, consistent with the AWS work schedule, such as sick leave for 9 hours on a 9-hour AWS day.

E. AWS Schedule for employees on a 24-hour, rotating schedule

1. Non-matrix employees shall work four days during the week, totaling 37.5 hours.

2. The shifts shall be as follows: three (3) days at 9.5 hours regular hours (10.5 with lunch), and one (1) day at 9.0 hours regular hours (10 with lunch).

3. The scheduling requirements of AWS schedules do not preclude the adjustments for special details permitted by State Police Overtime Guidelines.

F. General Guidelines

1. It is the responsibility of each commander to ensure the Human Resources Division is notified of the appropriate schedule for each employee.

2. The Human Resources Division will maintain the schedules in the Time and Labor system.

3. Changes to schedules can only be made effective at the beginning of a pay period.

4. It is the responsibility of each commander to ensure that this program is supervised appropriately. It is also the responsibility of each Division and District Commander to find the best solution for program implementation for employees under their command.

5. Individuals within a section or unit that volunteer for this program shall be scheduled in such a manner that coverage is consistent throughout the week.

6. Employees that do volunteer for this program and determine that it is a hardship to continue, shall complete their current pay period on the AWS prior to their return to a regular 7.5-hour day.

G. This procedure is to be used in conjunction with all relevant Department regulations, rules, policies and procedures.
